

If the eyes are the window to the soul
then their frame should be timeless.

Browtopia . . .

Providing perfection, relaxation, and wellness in a
fraction of the time. Naturally.

Come to a place where ideal perfection is created naturally. Ancient ayurvedic concepts meet science with results so distinctive it redefines beauty from the outside in. Immerse yourself in an environment that provides a soothing experience in a minimal amount of time. Browtopia offers customized express organic treatments to fit even the most hectic of schedules. Meticulous hair removal is not attained from waxing or sugaring, but from a botanical soy formula that is both anti-bacterial and anti-microbial.

Browtopia proudly uses the Nufree Nudesse system to ensure complete hair removal and skin safety. This system does not adhere to the skin but instead uses the natural oils of the hair as its vehicle resulting in no stress or damage to the area of application. Paired with ayurvedic skin care, only ingredients that are natural, pharmaceutical grade, and organically grown are used to calm and soothe the skin, reducing the impact of environmental stress and sensitivity.
